

## Environmental Policy.

The Alternative Pallet Company Ltd is leading the market place into a more sustainable future, by specialising in the manufacture of a range of paper pallets and pallet runners. Our products are made from 100% recyclable paper, have no infestation issues, are light, meet corporate and social responsibilities initiatives and after use are recyclable.

As a company we recognise all are business activities, products and services have the potential to cause an impact on the environment, therefore senior management have written this policy to endorse our aims and with this in mind have decided to achieve accreditation to the environmental standard ISO 14001.

This policy sets out our vision and is the main driver towards contributing to a cleaner environment and through a programme of continual improvement, we commit to the following:

- Setting of environmental aspects, objectives, targets and programmes.
- Preventing pollution.
- Monitoring and review of energy saving practices in the workplace.
- Complying with all legal and other requirements to which we subscribe.
- Adopting the waste hierarchy approach of eliminate, re-use, recycle.
- Endeavouring to work in conjunction with both suppliers and customers to reduce waste.
- Promoting environmental awareness amongst our employees.

This environmental policy will complement our overall plan of promoting sustainable business practices and our Environmental Management System manual will provide the framework for setting and reviewing our environmental objectives and targets.

The policy will be communicated to all persons working for or on behalf of The Alternative Pallet Company Ltd.

Signed

Patrick Mulhall
